Ear Protection

All clients presenting for shockwave or acoustic wave treatments must wear clinic-supplied, disposable ear plugs during treatment.

***There is no potential for hearing loss or damage as a result of shockwave therapy;** however, there can be some impairment for a couple of days after a treatment that occurs around the neck and skull. This is not a result of the noise from the device during treatment, this is due to the proximity of the sound waves to the structures of the ear.

Within an extremely short window post-treatment, hearing will return to normal levels.

If you do not want to wear plugs, you must initial that you have waived your right to ear protection.

Acoustic Wave Therapy Cancellation Policy

Please be advised that there is a 12 hour missed/cancelled appointment policy in effect for acoustic wave therapy at Remedial Wellness Centre. Late cancellations (within 12 hours) and missed appointments will be charged 50% of the appointment fee. The same applies if the therapist misses an appointment with a client; (the client's next appointment will be 50% of the full fee).

In order to be consistent with all clients, cancellation fees will only be waived in the event of a medical emergency requiring urgent professional treatment, a major event in the family or natural disaster.

We are committed to providing you with the highest quality service possible and we ask that you understand that it is nearly impossible to fill appointments spots on the day they are cancelled. Thank you for your understanding and we look forward to helping you on your way to better health.

I hereby confirm that I have read, understand and agree to the above terms.
